..... ILLINOIS SECTION NEWS

I hope that David Hartnett, K9DRH did not forget someone. Here is the first news release on the successful granting of a last wish to WA2EQJ from the news media. David left all media releases up to Lovell FHCC PR and Tribune. Their task was to make it happen.

<http://www.chicagotribune.com/suburbs/lake-county-news-sun/news/ct-lns-veteran-last-wish-radio-st-1206-20171205-story.html>

David would also like to thank the following people for helping make this happen:

Don Whitney K9DRW

James Nelson K9QF

Harry Hahn WB9R

Scott Campbell KC9SJP

The Facebook Link for those that like Video:

<https://www.facebook.com/lovellfhcc/videos/10155600321448197/>

Without their help this would not have been possible. David would like to thank everyone for your support in accomplishing this last minute wish.

==>Section Manager Report

The Valley Amateur Repeater Association, VARA, is pleased to announce the following changes to our facilities.

After many decades of service the 146.790 MHz repeater antenna was changed to something more in line with our traditional service. Give it a try, reports have been good. Drop by our regular Monday night net at 8:00 pm local time if you get a chance, we'll be happy to hear from you.

In other VARA news, the dual mode analog/Yaesu FUSION 70cm repeater operating on 444.950 MHz was replaced with a dual mode analog and APCO/P-25 mode repeater on the same frequency. The FUSION mode received essentially no use, so we switched to APCO/P-25.

The 444.975 MHz CC-1 DMR repeater remains unchanged and is on the Chicagoland C-Bridge network. For more information on the Chicagoland DMR network see <http://chicagoland-cc.org>

The club invites you to check out the repeaters. For club and repeater details: <http://qsl.net/vara/>

Please join me in welcoming Noah Sevcik, K9BZY as our new cabinet member holding the position of Affiliated Club Coordinator.

From your SEC...

In collaboration with Ron Morgan, AD9I, Illinois Section Manager, Robert Littler, W9DSR, ASEC and Debby Gray, WX9VOR, District 3 DEC...the announcement is being made to appoint Robert (Bob) Langsfeld WB9TZC as ADEC for District 4, Cook County serving the North West Central Dispatch System Communities (NWCDC). Cook County is a complex area involving many different communities within its border. With Bob's appointment, we will continue to further subdivide this area to ensure the best possible fit to provide the served agencies with amateur radio support.

NWCDC serves the following communities Arlington Hts. Police and Fire,

Buffalo Grove Police and Fire, Elk Grove Police and Fire,

Hoffman Estates Police and Fire, Inverness Police, Mount Prospect Police and Fire,

Palatine Police and Fire, Prospect Hts. Police, Rolling Meadows Police and Fire, Schaumburg Police and Fire,

Streamwood Police and Fire, Barrington Country Side Fire Protection District and the Palatine Rural Fire District

In this position Bob will be working with the Public Safety Access Points agencies and the Joint Emergency Coordinator

to bring the rest of North West Central Dispatch System together. We have Palatine, Elk Grove, Hoffman Estates, and Schaumburg already meeting together with EM-COMM Round table and have the opportunity to bring the others in to strengthen our response and exercise team. Bob believes that the Joint Emergency Management System will be looking at the various volunteer groups in our PSAP like AUX COMM / ARES, MRC, CERT, and Fire Rehab forming a combined training and exercise program in the future.

Bob will be working with several clubs in the covered area and many of the area clubs provide public service to the communities and assist each other. He will also interface with the Salvation Army territorial headquarters here in Hoffman Estates as another served agency. This is in addition to serving three hospitals in his area.

From Bob, "My background as a ham goes back to Mt Prospect Civil Defense where I earned my Ham license. I spent time traveling to Olsen Electronics, Allied Radio, Lafayette and the Heath Kit store to build kits and projects. I got started in CB and SWL listening, learned electronics in High School and College and worked in Medical Imaging Electronics. Many of my class mates did the same and are still active Hams." "Ever since High School I was interested in Emergency Management and the operations side of the Fire Department. "I have been to countless public service events, floods and a tornado or two over the years as a Ham. Eventually an opportunity opened up for me to become the Emergency Management Coordinator in Hoffman Estates where I was a volunteer. I've been the Coordinator for the past several years." One of my believes is every Ham has the duty to serve the public and that it is necessary to justify the use of the radio spectrum we use on a daily basis.

Bob will be using his contacts with Local, County, and State Emergency Management Agencies, Red Cross, Salvation Army and our served Hospitals to promote and include them in ARES activities.

[Impedance Matching by Ward Silver](#)

MISSOURI SECTION NEWS

Cecil Higgins, AC0HA

I would like to thank you all for your support of the ARRL and Amateur Radio. I want to take this opportunity to wish all the members of the ARRL in the Missouri Section a Merry Christmas, and the best in the coming New Year. I'm looking forward to seeing you at one of the Missouri Hamfest next year

Dan Henderson, N1ND, the Regulatory Information Manager American Radio Relay League, Inc. has contacted me about a Bill recently introduced in the Missouri State Legislature by Rep. Galen Higdon. Dan's statement was: The ARRL State Legislation watch has hit on a bill introduced to the MO legislature that could be a problem. MO H 1302 – removes the exemption for Amateur Radio in the cellphone law. There are several other bills on this topic but that all retain the exemption already in place. You and your SGL need to monitor this one and if this is the one that gets traction in the legislature will need to see if you can get the exemption reinserted to the bill.

The Bill Description is as follows. HB 1302 Prohibits the use of hand-held electronic wireless communications devices while driving non-commercial and commercial motor vehicles; but allows the use of such devices when used hands-free by operators of non-commercial motor vehicles who are fully licensed and eighteen years of age or older. It is important that the exemptions include Amateur Radio and it needs to have that language added to protect the Amateur Radio Operators legal ability to operate mobile.

JANUARY 2018 HAMFEST

The St. Louis Suburban Radio Club Winterfest will be held at the Gateway Center 1 Gateway Drive in Collinsville, IL 62234 on January 27, 2018. Winterfest, the largest Hamfest in the area, is returning to the main ball room for 2018. Those interested can learn more about the Winterfest at their website: <http://winterfest.slsrsrc.org>. The contact person for Winterfest 2018 is Rebecca Carroll, KC9CIJ, 331 North New Ballas Road Box 410035 St. Louis, MO 63141 Phone: 314-496-7271 or Email: kc9cij@slsrc.org Talk-In: 146.970 (PL 141.3)

AFFILIATED CLUB NEWS KEITH HAYE, WE0G, ACC

Samantha Henley, KE0LMY, Emergency Coordinator for Benton County ARES Group reports that Miss Kelly Stanfield, W0YQG, a visually impaired ham joined the BC ARES group in August 2017. When Kelly quickly passed her general and extra class license exams, two of BC ARES members, Jim McNally, KA0DXU, and Rick Wade, KD0CNC, spearheaded a super-secret plan to do something very special for this talented, warm, outgoing amateur radio operator in our group. They worked with members of the BC ARES to raise the funds needed to purchase a Kenwood TS-590s HF radio with a VGS-1 voice synthesizer board, and a Powerwerx 30 Amp power supply. An 80-10 meter dipole antenna with a Comtec 4:1 current balun, 140 FT of coax, insulators, wire, and PL-259 connectors will be installed outside Kelly's home. It was the group's pleasure to present the completed station to Kelly at the BC ARES December meeting and she was moved to tears by the gesture. Samantha Henley, KE0LMY, and Renee Cason, KE0LMZ, have submitted an article about the Surprise gift to Kelly to the ARRL.

Rodney Mallonee, AD0YV, President of the Southwest Missouri Amateur Radio Club reported that he was extremely excited to announce that SMARC has secured a permanent meeting and testing location. The new address is at the Disabled American Veterans building at 2525 E. Division Street. Rodney extended his very special thank you to

Paul Mark KE0FGY for his help in finding our new location. He also thanked Franklin Johnson, KD0RSJ, for his involvement in the search for SMARC's various locations and making contact with multiple people and organizations. Without both of these gentlemen's help we would still be in search for our location. And finally, Rodney thanked, Robert Kentch, KC0WSE, and his brother-in-law for allowing us to use the church for our meeting place during our search for a new location. Without their willingness to open their doors to us in short notice we would not have had a place to meet as we have in the last few months. The Southwest Missouri Amateur Radio Club Meeting is held on the third Saturday of each month.

The Bootheel Amateur Radio Club has completed a successful year. BARC President Curtis Roach, WB4NMG invites Amateur Radio operators in the Southeast Missouri area near Kennett to attend their regular club meeting in the Ely Walker Building 221 South Main Street in Kennett MO on the 2nd Thursday of the month at 7:00 p.m. Amateur Radio License testing will be available at their regular club meetings and at the 8:00 a.m. Saturday morning Bootheel ARC meeting held in the Hardee's in Kennett, MO.

General Club Information

The club holds a monthly meeting on the first Thursday of the month and is open to all. Visitors are always welcome at the meetings. The next meeting is January 4th, at 6:30pm at the Holy Family Community Center at 2600 Washington Ave in Granite City, IL. Members tend to arrive early to socialize, and the actual meeting starts at 6:30pm. After the meeting, there is usually a social gathering at a local restaurant. "The meeting after the meeting."

The club has a informal net every Tuesday at 8:00pm on 146.76. The PL and time-out timer are turned off for the net. You do **NOT** need to be a member to participate or use the repeater, as it is open to **ALL** licensed Amateurs. Be sure to "stop in" and say hi!

Anyone interested in joining the Egyptian Radio Club will find an application at the end of this newsletter.
